## Dear Friends,

Fall is coming —and with it the sweet reminder that even with the beautiful changing colors, our God never changes. We can trust him through transitions, even when it is hard. Even in endings, there is a promise of new beginnings.

The vibrant colors of autumn showcase God's beauty and artistry in the midst of change, reminding us that change holds a unique beauty and purpose when viewed through the lens of faith. The autumn harvest reminds us of God's abundant provision for the services at HeartReach, services that are possible because of your "yes."

Your "yes" creates a space where hope is discovered, hearts are healed, and lives are forever changed. Brave moms walking through unexpected pregnancies are met with love instead of fear. Your faithfulness is not just noticed—it is valued and needed. You are the hands and feet of Jesus to the ones who need Him.

We are so incredibly thankful for your partnership. Through all the changes of the last 40 years, because of your gifts, HeartReach is a safe place for the broken, the scared, and the searching. We rejoice over every life rescued and every mother and father who find worth, identity, and purpose through love and support at the center. We would not be celebrating our 40th anniversary if it weren't for the faithful support of many over the years.

We are excited to celebrate with you at our annual Fall Benefit Dinner on October 2nd at Wasilla Bible Church. I promise you that Kyle Mann will deliver a belly full of laughs, and we will rejoice together in all the remarkable things that God has done through the ministries and people of HeartReach. We look forward to seeing you.

Standing in His grace,

*Joyce Moropulos*

## Client Story

We chose to offer STI Testing and Treatment at HeartReach to address concerns of existing clients and to reach new clients, ideally before they experience an unplanned pregnancy. It has been our prayer that these appointments lead to conversations about healthy relationships, a chance to share the benefits of a biblical sexual ethic and, ultimately, the gospel.

Over the summer, we ministered to a client who faced a probable HIV diagnosis. Uninsured, she came to us scared and seeking answers. We were able to provide her professional medical care that

she otherwise may not have accessed, administer treatment for another curable disease, and pray with her.

The next time we saw the client, our nurse noticed a drastic change in her demeanor. She seemed lighter and more free. After her initial appointment with HeartReach, she read the gospel tract we gave her, spoke with a friend, and received Jesus that same day! By the grace of God, her HIV test was negative. The client believes God protected her and we are thankful to Him that He put her in our path.

Thank you for trusting and supporting HeartReach as we followed God's lead to implement an STI program.

# TWO COUNTRIES, ONE PURPOSE

In July, HeartReach was blessed to host Xanthi Palachantsidou from Athens, Greece. Xanthi runs a pregnancy resource ministry similar to HeartReach that provides medical support, prenatal and postnatal care and counseling through a variety of free and confidential services. According to the most recent data from the Guttmacher Institute, 46% of unplanned pregnancies in Greece end in abortion. Xanthi's ministry reports that 350,000 of those abortions take place in Athens. These numbers only reflect reported abortions. Sadly, it is believed that actual abortion rates in Greece are much higher.

Xanthi spent time at HeartReach training, learning and fellowshipping with our staff and volunteers. It is always a great encouragement to spend time with people from around the world that share the same mission, and our time with Xanthi was no exception! We are excited to partner with her and encourage each other in this ministry that God has planted in all corners of the world.
